

SPRING SCENT MAP

# Which fragrance goes *where?*

Four rooms. Four jobs. One map you'll come back to every season.

***Custom Crafts & Scents***

NORTHPOINT MALL · ALPHARETTA, GA

SWIPE →

**01**

## **Kitchen → *clean citrus***

Cuts through cooking smells without fighting them. Pineapple Cilantro snap bar burns 30 hours and resets the room every time you flip a pan. Best at noon and 6PM — peak smell-leak hours.

## 02

### Bathroom → *green + airy*

Fresh Bamboo reed diffuser. Always-on, no plug, no flame. The flat green note is the closest you'll get to 'the spa downstairs at the resort' for \$28 and zero booking.

***03***

**Living room** → ***warm linen***

White Linen snap bar in any warmer. Reads as 'nice hotel,' not 'someone's perfume.' Strong enough that a guest mentions it but soft enough it doesn't follow you out of the house.

04

## Bedroom → *quiet sandalwood*

White Orris & Sandalwood reed. Low throw on purpose — it whispers, never shouts. You'll only smell it when you walk in, which is exactly the point. Sleep-safe, no flame.

WANT THE FULL HOUSE PICK?
